

**TOM MONJACK**  
CELEBRITY ENTERPRISES  
*A Fan Mail Response Service*

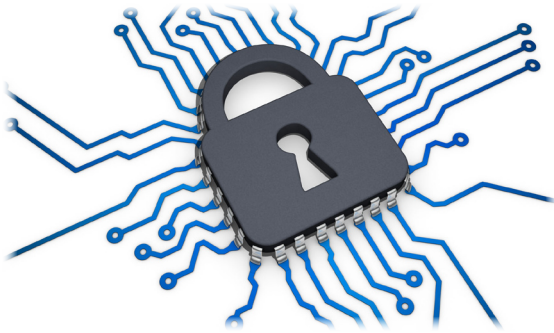

# About TMCE

Based in Los Angeles, California, **Tom Monjack Celebrity Enterprises (TMCE)** has been a leading celebrity fan mail service since its debut in 1992. We customize our service to meet your individual needs while still preserving your privacy.

We understand the importance a strong fan base is to developing and maintaining your career success and your public image.

Whether your fans number in the tens or in the tens of thousands per month, **TMCE** has become **"the"** company that can best accommodate your needs. TMCE's reputation as the industry's **"go to"** service for quick, reliable, and responsive attention to all of your fan related needs is unparalleled in the industry.

## Going the Extra Mile

- *We are sensitive to your Privacy and Security needs*

To protect your privacy as well as the privacy of your fans, TMCE will NEVER sell your Fan List or make the information public.

We are fully aware that on the rarest of occasions a fan's interest in a celebrity goes beyond the norm and into the realm of obsession and even stalking. For this reason it is imperative that every letter and every e-mail is read thoroughly.

If any "objectionable" or threatening letters should ever arrive, they will be brought to your attention and will be handled per your instructions.

We will also bring to your attention any "special" letters or e-mails that may require a more personal touch. We will always go the extra step to give you the fan mail service that most benefits you.

## Setting the Standard

- *We know what the other services in town offer and we offer more!*

We truly stand apart from the other services of this nature because our philosophy has always been very simple... **fans are important.** They are the reason you do what you do.

As you continue to create, inspire and entertain, the time you devote to your fans becomes increasingly limited and that's where we can help. We become the **"invisible link"** between you and your fans, giving them the attention they deserve and you the care and assistance you need.
